Dear Mr. Eickelberg:

I received your response to our request on behalf of our client, Daniel Kuczon, for information and documents regarding the General Dynamics Corporation Savings and Stock Investment Plan ("SSIP"). I appreciate your response to our questions and the documents you provided.

I do, however, respectfully disagree with your suggestion that this information is all your fiduciary obligations to participants and under applicable law, including ERISA §§ 104(b)(4), 404(c), and other applicable law and regulations require you to disclose.

As you may remember, the core of our request seeks the information necessary for a full, complete, and accurate understanding of the fees and expenses charged to participants, the service providers who receive such payments, and the services for which they receive such payments. According to the Department of Labor, revenue sharing distributed from the Plan's underlying investments is required to be a part of the Plan's analysis of the reasonableness of the fees and expenses charged by service providers. As such, it is required to be disclosed under ERISA.

This also holds true for Guaranteed Investment Contracts ("GIC"). Thus, we request that you furnish to us the following documents and information:

- The underlying GIC contracts with Aetna, Met Life, and Northern Trust, along with any others that have been in place at any time since 1999;
- The term of each GIC contract;
- The GIC spread (i.e. the difference between the amount earned on the Plan's investment by the insurance company and the rate of return promised or actually received by the Plan); and
- The amount of expenses (if any) that may be, or actually are, deducted from the return.

Please respond within two weeks from the date of this letter. Thank you.

Kind Regards,

Heather Lea

Dear Plan Administrator:

We represent Eric Will (authorization enclosed), a participant in the General Dynamics Hourly Savings and Stock Investment Plan. We are writing pursuant to ERISA §§104(b)(4), 404(c) and 29 C.F.R. § 2550. 404(c)-2 to request the information and documents described below. We believe the participant has the right to know the fees and expenses that are charged directly to her account and also to know the fees or expenses that are removed from the revenue of her investments. Further, it is your duty under ERISA to provide this information.

If you require reimbursement for copies, please let me know as soon as possible and I will forward it to you. For the most recent year, and for the 5 years previous, please send:

- All documents under which the Plan is established or operated, including but not limited to the Plan document, current Summary Plan Description, latest complete Annual Report (not a summary), trust agreements, and contracts with service providers;
- All investment guidelines or directives;
- Identify the operating expense ratio for each fund and trust in the Plan for the current year and for each of the last five years;

**GD 00000657**

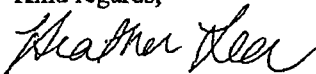

- List each service provider to the Plan, including but not limited to pension consultants, investment managers, record keepers, brokers, administrators, and trustees;
- Identify the compensation received by each service provider, including but not limited to all forms of compensation received from the Plan and from other providers through revenue-sharing or soft dollar arrangements, etc.;
- List all underlying assets or investments for each fund or trust in the Plan;
- Identify any insurance contracts and describe the promised rate of return and any fees or expenses charged including wrap fees;
- If the Plan currently receives revenue sharing, please state how much the Plan has received for each of the past five years;
- Identify all expenses, if any, paid by Plan Sponsor; and
- Identify the gross yield and the net yield for each investment option in the Plan.

Be advised that according to ERISA section 502(c)(1), a penalty of \$110 a day will apply should you fail to provide the requested documents and information within 30 days.

If there is anything further I can do to clarify this request, please let me know. I appreciate your assistance and look forward to your response.

Kind regards,

Heather Lea

Re: Daniel Kuczon; 401(k) Requests

Dear Ms. Lea:

We are responding to your letter dated August 16, 2006 with respect to your request for additional information relating to your client, Daniel Kuczon, and his participation in the General Dynamics Corporation Savings and Stock Investment Plan (the "SSIP").

You have asked for copies of the guaranteed investment contracts ("GIC") relating to the SSIP. Because the Employee Retirement Income Security Act of 1974 ("ERISA") does not require the disclosure of such documents, we have not provided you with such documents.

In addition, you have asked for the term of each such GIC. In accordance with ERISA Section 404(c) and the applicable underlying regulations, the term of each such GIC currently applicable to the SSIP follows:

Aetna	7/7/08
MetLife 25154	open ended
MetLife 25155	open ended

Finally, you have asked for the "GIC spread (i.e. the difference between the amount earned on the Plan's investment by the insurance company and the rate of return promised or actually received by the Plan)" and the "amount of expenses (if any) that may be, or actually are, deducted from the return". Because ERISA does not require the disclosure of such information, we have not provided you with such information. However, in accordance with ERISA Section 404(c) and the applicable underlying regulations, we are providing you with the following current rates of return for each such GIC currently applicable to the SSIP:

Aetna	2.93%
MetLife 25154	5.18%
MetLife 25155	4.38%
